

Scientific work

The scientific articles prepared at the department have been published in a number of scientific and scientific-technical publications of the Republic and abroad. In 2005-2022, more than 30 theses and reports prepared by the staff of the department were published at conferences in Russia, the USA, England, Australia, India and Kazakhstan. During this time, the department has published 17 textbooks, 4 monographs, more than 90 teaching aids and more than 120 scientific articles. As a result of scientific research, 24 certificates and patents of the Agency for Intellectual Property of the Republic of Uzbekistan were obtained.
